Dear User,

The recode variables related to the wealth index are:

HV270

HV271

AWFACTW

V190

V191

You can find descriptions for these variables in the Standard Recode Manual on our website:

[http:// www.dhsprogram.com/pubs/pdf/DHSG4/Recode6_DHS_22March2013_DH SG4.pdf](http://www.dhsprogram.com/pubs/pdf/DHSG4/Recode6_DHS_22March2013_DH SG4.pdf)

Once in the PDF file you can search for these variables by name and read the description and information about how they are used.

Thank you!
