Dear Sir,

do eligibility criteria for DHS participants include a requirement of not being a participant in previous DHS rounds? If not, then there is a chance that one person may participate in more than one round.

I've found this document - <http://dhsprogram.com/pubs/pdf/FR75/07AppendixA.pdf> - and it doesn't mention repeated participation.

If there are no such requirements, what could be a number of people participating in DHS more than once? Are there any estimates?

Thank you.
