I am Extremely thankful for the prompt reply.

user-rhs: With the current child I meant the Last child born to the mother who is currently under 5 years of age.

Bridgette-DHS: But the PDHS Report 2013 gives information about 13,558 mothers and their child, using KR file will reduce the number. Also if you can give further information about this data set. I will try to cross check the numbers from the report using this data set too.

Will be very thankful to you all.
