Dear User,
It looks like you are not using the Weight variable. I looked at the unweighted table and the N is closer to what you have 13,904. Please refer to Guide to DHS Statistics on our website for some additional guidance. http://www.measuredhs.com/pubs/pdf/DHSG1/Guide_to_DHS_Statistics_29Oct2012_DHSG1.pdf
Thank You!
