Hi,

I used the coding you gave and the number of stillbirths was nearly same as 2001 report but the total pregnancies 7 months or more looks pretty high. The 2001 Nepal DHS report says the total preg 7 plus months is 7134.

RECODE of  
s216 Freq. Percent Cum.

Live birth 7,095.8901 97.83 97.83  
Stillbirth 157.600695 2.17 100.00

Total 7,253.4908 100.00

Any advice to sort this issue?

Thanks
