Hi,

There is no wealth index variable in 2006 Nepal DHS BR and IR data data file which can be found in 2006 and 2011 any data file which is v190.

I tried to merge WI data file into BR, IR and KR data file for 2001 Nepal DHS but i could not do this.

Can someone assist me how to merge Nepal 2001 WI data file into BR, IR and KR data file?

Thanks

S
