
Subject: Peru individual survey documentation + calendar

Hello,

I would like to ask 2 questions:

1. Is there documentation for recent continuous Peru surveys? When I downloaded the individual recodes there were no word documents attached which usually are included in the .zip with country specific variables. This is for all surveys between 2009 and 2012.

2. I would like to make myself familiar with that documentation because I am working with the reproductive calendar for Peru and I cannot figure out what a method type "E" means in the vcal_1. Could you advise?

Many thanks,
Ewa
