I have downloaded all Stata files for Nepal 2011. I am looking for variables 744a - 744e about whether beating your wife is justified (e.g., wife goes out without telling husband, wife neglets the children). I cannot locate these variables in Men's Recode data. I WAS able to locate Women's responses to these questions in the Couples Recode Data.

Can anyone please help me find men's attitudes about when beating your wife is justified for Nepal 2011?

Thank you a 1000X,

Kate
