Dear User,
We have 24 surveys where we collected anthropometry data for men. These variables should be found in the household data. Check the recode manual for where to locate. Section HMA (RECHMA) P25 of The Standard Recode Manual http:// dhsprogram.com/publications/publication-DHSG4-DHS-Questionna ires-and-Manuals.cfm
Attached is a spreadsheet indicating the country and survey year(s) of these surveys. Thank you!
