Dear User,

The Guide to DHS Statistics <http://www.dhsprogram.com/publications/publication-dhsg1-dhs-questionnaires-and-manuals.cfm> has a

section "HIGH-RISK FERTILITY BEHAVIOR RISK RATIOS" starting on Page 98. In addition you can find descriptions of the various datasets

here:[http://www.dhsprogram.com/data/Dataset-Types.cfm#CP\\_JUMP\\_6014](http://www.dhsprogram.com/data/Dataset-Types.cfm#CP_JUMP_6014) There is a whole section on our website called "Using Datasets for Analysis"

here:<http://www.dhsprogram.com/data/Using-Datasets-for-Analysis.cfm>

For Stata tutorials: [http://www.cpc.unc.edu/research/tools/data\\_analysis/statatutorial](http://www.cpc.unc.edu/research/tools/data_analysis/statatutorial) Thank you!
