I have a similar code as gemma1224 for KDHS and my U5 estimates a 1-2 people away from the DHS report.

```
gen hypage=(v008-b3)
gen timonths=.
replace timonths=hypage
replace timonths=b7 if b5==0
gen dead=(b5==0)
ltable timonths dead  [fw=v005] if hypage <60 , int(0,1,3,6,12,24,36,48,59) failure
```

Is there a fix for it?

I'm using stata13

Thanks!
