Hi,

I am trying to analyze BDIR4JFL dataset for domestic violence analyses. The dataset has "dxxx" variables but they are all missing. Where can I find the data on domestic violence for Bangladesh 2004 women's survey?

Thanks!

Aditi

Please ignore the Dxxx variables in Bangladesh DHS 2004. There was no domestic violence module included in that survey. We will drop those variables if/when a new version is released.
