Dear all,

I might be missing something, but I noticed that while the variables shoommne and sheetor in the 1992 Rwanda DHS include commune and sector codes, there are no labels for the codes and I cannot find what commune or sector the codes map to in the documentation. I was wondering if there a way to get the data on which commune and sector these codes refer to?

Hi Marshall,

Unfortunately, we do not have that information

best,
