WHO, UNAIDS, UNICEF, PEPFAR and other partners are supporting countries scale-up male circumcision programmes (Early Infant MC and VMMC for adolescents).

UNICEF HQ HIV/AIDS team would like to suggest that questions related to MC among children are included in the questionnaire (to respond to the MC programme data needs), and that when presenting data in the final reports, data is disaggregated by the age groups in line with the global monitoring guidance: <1, 1-4, 5-9, 10-14,...
