Hello,

Please refer to the DHS Github page, which has Stata and SPSS code for all DHS indicators, including exclusive breastfeeding. <https://github.com/DHSProgram/DHS-Indicators-SPSS>

The link to the file where the exclusive breastfeeding variable is coded is here:

https://github.com/DHSProgram/DHS-Indicators-SPSS/blob/master/Chap11_NT/NT_IYCF.sps

Best of luck,
Sara
