Dear Sir,

How to estimate postnatal care visits within 48 hours when date of birth and time of birth and date of discharge and time of discharge given in STATA

Following is a response from DHS Research & Data Analysis Director, Tom Pullum:

The construction of this and many other outcomes is given in programs on our GitHub site (<https://github.com/DHSProgram/DHS-Indicators-Stata>). Look at the code for the appropriate chapter of the final report.
