The NFHS-5 questionnaires will be available in Volume 2 of the final report, which is expected to be released very soon. Once Volume 2 has been released, it will be available on the IIPS website and the DHS Program website.

Thank you for such a quick response! I need to cross check whether a specific question's wording was changed from the 2015-16 to 2019-21 rounds for my master's dissertation. Is it possible that I can write a query to just verify the wording and order in the module of that question? The responses are my main outcome of interest. Please let me know if this is possible.

Yes, you can post your specific query.
