Dear DHS Staff,

As I submitted my paper on one of the journals, it asked me the ethical review documentation. I tried to get help from the DHS "Request ethical review documentation" link about one month ago, but got no feedback. Can you provide those information for Papua New Guinea 2016-2018?

- (1) Give the name of the institutional review board or ethics committee that approved the study
- (2) Include the approval number/date and/or a statement indicating approval of this research
- (3) Indicate the form of consent obtained (written/oral) or the reason that consent was not obtained

Thank you so much, and I look forward to receiving those documents.

Sincerely

Hao Shen
