It is stated that GPS dataset for Pakistan DHS is yet not distributed. Can you state when it will be made available here? Or can I get it directly from National Institute of Population Studies?

Please excuse me, I've posted same query in 'Geographic Data Users' but since nobody replied me there so I'm posting here again.  
Regards

The data for Pakistan DHS phase VI as stated on the website is not and will not be distributed. There is no plan to make the data available in the future.
