Good day!

I am having a difficult time where to locate the spss data file for HIV Knowledge that supports Chapter 13 of NDHS Philippines 2022. I believe this is separate from HIV biomarker data that's why I'm only interested in the Survey Dataset.

Following is a response from DHS staff member, Tom Pullum:

The SPSS data for chapter 13 are in the IR file, PHIR82FL.sav. You are looking for survey-specific variables whose names begin with "s9".
