Hello,

I was what file are the domestic violence variables for the Nepal DHS 2001 in? According to the 2001 recode map there should be a variable called D107 "Experienced any severe violence" and D108 "Experienced any sexual violence" but I can't seem to find the file these variables are stored in.

Thank you in advance!

Dear User,

I checked the final report and the frequency files for Nepal DHS 2001. I did not see any questions about violence. I also checked the map and could not find either of those two variables, D107, D108. Is it possible you are looking at a different data set?

Please post again if you have additional questions.
