Hello, can I please make sure about what variables represent the Sample strata in the following to be used with svy/complex survey command):

Kenya2008/9 = HV022 ?
Rwanda2011 = HV022 it's called Sample strata for sampling errors; HV023= Stratification used in sample design
Ghana2008=HV022 Sample stratum number ?

Thanks!!!

For the strata variables, use the following:
Kenya 2008/09: HV022.
Rwanda 2010: HV023.
Ghana 2008: HV022.
See appendix A of most reports for information about the stratification used for the survey.
