In the DHS Kenya 2008-2009, question 826 asks respondents to answer questions about attitudes toward domestic violence. However in the Kenya DHS report p.279 Table 16.8, it gives information about specific forms of spousal violence. However, I can't find those questions in the dataset. I have checked both the couples and woman's dataset. Can you tell me if I am using the correct dataset for specific questions about specific forms of physical, sexual and emotional violence questions.

If you are using the files KEIR52*.* you should look for the D105* series variables. These have the information on forms of spousal abuse.
