---

What is the difference between antenatal and prenatal care in the survey?

Also, do the questions pertain to ALL births and not solely live births?

Thanks.

Dear User,

Antenatal and prenatal care are one and the same. The questions pertain to the last birth. Please look at Q408 in Section 4 of the woman's core questionnaire. Here is a link to our current standard core questionnaires  
[http://www.measuredhs.com/pubs/pdf/DHSQ6/DHS6\\_Questionnaires\\_5Nov2012\\_DHSQ6.pdf](http://www.measuredhs.com/pubs/pdf/DHSQ6/DHS6_Questionnaires_5Nov2012_DHSQ6.pdf)  
The document is bookmarked.
