The following documents provide background information for the technical consultation on vaccination data:
DHS7 questionnaire module on immunization extracted from the DHS7 questionnaire. DHS7 interviewer's manual excerpt on vaccination from the DHS7 Interviewerer's manual. Current DHS6 tabulation plan for tables on immunization extracted from the DHS6 Tabulation Plan. MICS5 questionnaire module on immunization extracted from the MICS5 Questionnaire for Children Under Five in the MICS Tools. WHO Immunization Coverage Cluster Survey manual (2005). This is currently being updated. WHO Recommended Routine Immunizations for Children. WHO/UNICEF Recommendations to DHS and MICS. Some have been implemented and others will be discussed in the consultation.
