Sara,

I have just been introduced to linking DHS and SPA datasets due to the research project that I am working on. To enhance my understanding on this I tried to visit the link <http://bit.ly/DHSwebinar2> to access a recording of this webinar. Clicking on the link it is taking me to Adobe Connect page with a message that my account has expired. Adobe connect support is not resolving the problem. Are there any other options of accessing this recording?
