Hi,

Question 112 in sick child exit interview has response categories A-D, X, Y but the dataset variable xc112 contains variables A-E, X, Y. What is "E" in the dataset?

Thanks

Emily

Dear User,

SICK CHILD EXIT INTERVIEW

XC112 Other reasons for visit

E = Abdominal pains/Stomach [added]

I found this information in the documentation distributed with the data. It is a Word document and is called MWSP6I.DOC. This document contains details about the data file that may be of interest to you.

I have also attached it for your convenience.
