Hi,

Can we use available Nepal DHS data (2001, 2006 and 2011) to measure maternal mortality?

Thanks

Dear User,
Maternal mortality exists for the following Nepal surveys: 1996, 2006, 2008-09. There is no maternal mortality data for 2001 or 2011.
Thank you!

Dear Liz ,

thank you so much for the reply.

Can anyone please write me how to replicate table 9.2 Nepal DHS report 2006?

Is it possible to obtain data of 1996 and 2008-09 as well?

Thank you so much

S
