Hello,

I am a little unclear about how to properly cite the Malaria Indicator Survey Data. Specifically, I am interested in citing the MIS for Madagascar 2013.

Thank you!

Dear User,

Please visit our website for a full section on this topic:

<http://dhsprogram.com/publications/citing-dhs-publications.cfm>

After reviewing this section, if you still have questions, please feel free to post again. If you look on the inside of the report, usually after the Title page, you will see the recommended citation as well.

Thank you!
