Hello,

I would like to know where I can find any documentation on the ethical application that was in place when the DHS data was collected? I need this documentation to move forward in ethical approval for a project using DHS data.

Thank you.

Best,  
C. Allen

You can find an overview here: <http://www.dhsprogram.com/What-We-Do/Protecting-the-Privacy-of-DHS-Survey-Respondents.cfm>. All of the individual consents are included in the survey documentation included in each survey Final Report.
