I was wondering if the code for the annual inpatient and outpatient expenditures for the 2014 DRC DHS final report (tables 16.6 and 16.7) is something that you can share. We're trying to do a similar analysis using our own data modeled after the DHS, and we were curious how the DHS annualized these expenditures, since the recall period for was 4 weeks for outpatient and 6 months for inpatient care.

Hi, Liz,
If you could share the code, that would be great.

Thanks,
rhs

Dear User-RHS,
I'll get back to you on this. Checking with survey personnel. Thanks!
Liz
