Is there anywhere to capture a husband's employment status as it's not directly asked in the questionnaire?

Thanks.

Dear User,
For Egypt 1995 look at P316 in the final report Q917 in the woman's questionnaire
For Egypt 2005 look at P345 in the final report Q710 in the woman's questionnaire
For Egypt 2014 look at P425 in the final report Q810 in the woman's questionnaire

The recode variables to look at are V704, V705

The final reports can be found on our website, the questionnaires are in an appendix in the back of the report:
