Subject: SPA 2009 Namibia - GIS coordinates Posted by Karin on Tue, 25 Oct 2016 13:03:17 GMT View Forum Message <> Reply to Message

Hello,

In the Namibia health facility inventory file (NMFC6AFLSP), the variables for latitude and longitude are left empty. Is it possible to get GIS coordinates for the surveyed health facilities in Namibia (SPA 2009)?

Thanks in advance!

Karin
