
Subject: Mali MIS 2015 urban and rural tabs identical

Hi

in the recently recently Mali MIS 2015 factor weight excel file, the rural tab appears to have the same figures as the urban tab. It looks like the rural tab needs to be updated to reflect rural respondents.

Thanks,

Kenzo

Hi again, I just wondered if there was any response on this? We would like to use the Mali file if the rural tab can be added.

Thanks,

Kenzo
