Dear DHS,

In reviewing the wealth index construction page (<http://dhsprogram.com/topics/wealth-index/Wealth-Index-Construction.cfm>) for key principal component analysis results for Sierra Leone, I noted that there are no files available for the 2013 survey (see screen capture attached). The only files available are for the 2008 survey. Can you please share the results of the 2013 survey or email them to me if possible?

Thanks,  
Allen
