Hi!
I am looking for the table corresponding to the following table:
http://dhsprogram.com/What-We-Do/survey-search.cfm?pgtype=main&SrvyTp=country#CGI.Script_Name#?pgType=main&SrvyTp=#SrvyTp#
I am interested in getting household and women sample sizes by country and year for standard DHS.
Thanks!

You can simply click the "Respondents" radio button in the View, and the sample sizes will be displayed on the page:

I understood that but I cannot download the data table, or copy-paste the table in Excel or else. Do you have the table in whatever format?
