I came across a thread explaining how to convert the Afghan dates in CPro and STATA does anyone know how to do this job in SAS? I am using Raw data from DHS website I do neither have STATA nor CPro.

Thanks

Dear User,

You should be able to find a way to do it by looking at the code provided in this link:https://userforum.dhsprogram.com/index.php?t=msg&th=5916&got_o=11880&#msg_11880

It's not done in SAS but should be able to provide some guidance for you perform the same operation in SAS.

Follow the link above and scroll down to see them. For example, it shows the following code:

```
// Create a date using the Afghan calendar.
thisDate = pc.ToDateTime(1395, 4, 22, 12, 30, 0, 0);
Console.WriteLine("Gregorian Calendar: {0:D} ", thisDate);
Console.WriteLine("Afghan 2023 Calendar:  {0}, {1}/{2}/{3} {4}:{5}:{6}\n",
    pc.GetDayOfWeek(thisDate),
    pc.GetMonth(thisDate),
    pc.GetDayOfMonth(thisDate),
    pc.GetYear(thisDate),
    pc.GetHour(thisDate),
    pc.GetMinute(thisDate),
    pc.GetSecond(thisDate));https://www.typecalendar.com/printable-calendar
```
