Subject: Ethiopia treatment sources: more detail on country-specific labels? Posted by anthony on Wed, 06 Sep 2017 20:44:17 GMT

View Forum Message <> Reply to Message

Hi All,

I am attempting to use variables h12a-h12z and h32a-h32z in Ethiopia to look at treatment sources for ill children. However, the newest 2016 data set for Ethiopia has a large number of generic variable labels denoting country-specific categories ("cs public sector", "cs private medical," and "cs other sector"). The most common treatment source for diarrhea is h12b and it has the generic "cs public sector" label. Is there any way to back out what's behind these country-specific labels? (I was expecting a Word document offering more detail on the data in the zip file, but didn't see one). Ideally, I would be able to isolate CHWs from public facilities or private shop from other private facilities, for example.

Thank you.

Anthony

According to our data processing team the labels should be as follows. These will be included in the next release of the datasets:

- H12A Diarrhea: government hospital
- H12B Diarrhea: government health center
- H12C Diarrhea: government health post
- H12D Diarrhea: other public sector
- H12E NA Diarrhea: CS public sector
- H12F NA Diarrhea: CS public sector
- H12G NA Diarrhea: CS public sector
- H12H NA Diarrhea: CS public sector
- H12I NA Diarrhea: CS public sector
- H12J Diarrhea: private hospital
- H12K NA Diarrhea: private pharmacy
- H12L NA Diarrhea: private doctor
- H12M Diarrhea: private clinic
- H12N Diarrhea: other private
- H12O NA Diarrhea: CS private medical
- H12P NA Diarrhea: CS private medical
- H12Q NA Diarrhea: CS private medical
- H12R NA Diarrhea: CS private medical
- H12S Diarrhea: shop/ drug vendor
- H12T Diarrhea: traditional practitioner
- H12U Diarrhea: market
- H12V Diarrhea: NGO health facility
- H12W Diarrhea: other NGO health facility
- H12X Diarrhea: Other
- H12Y Diarrhea: no treatment
- H12Z Diarrhea: medical treatment
- H32A Fever/cough: government hospital
- H32B Fever/cough: government health center
- H32C Fever/cough: government health post
- H32D Fever/cough: other public sector
- H32E NA Fever/cough: CS public sector
- H32F NA Fever/cough: CS public sector
- H32G NA Fever/cough: CS public sector
- H32H NA Fever/cough: CS public sector
- H32I NA Fever/cough: CS public sector
- H32J Fever/cough: private hospital
- H32K NA Fever/cough: private pharmacy
- H32L NA Fever/cough: private doctor
- H32M Fever/cough: private clinic
- H32N Fever/cough: other private sector
- H32O NA Fever/cough: CS private medical
- H32P NA Fever/cough: CS private medical
- H32Q NA Fever/cough: CS private medical
- H32R NA Fever/cough: CS private medical
- H32S Fever/cough: shop/ drug vendor
- H32T Fever/cough: traditional practitioner

H32U Fever/cough: market

H32V Fever/cough: NGO health facility

H32W Fever/cough: other NGO health facility

H32X Fever/cough: other

H32Y Fever/cough: no treatment H32Z Fever/cough: medical treatment
