Where can I find the recode manual for DHS7? I want to find out the variable names for the attached in the 2016 Ethiopia data. Could you please give me the variable names if the recode manual is not available yet?

We are currently in the process of updating the DHS-7 Recode Manual. We will email you as soon as it is publicly available. In the meantime, please reference the DHS-VI recode manual at: <https://dhsprogram.com/publications/publication-dhsg4-dhs-questionnaires-and-manuals.cfm> .

Thanks for clarifying. Can I refer to the DHS-6 version until it is released or are there major differences between the manuals that would make that a bad idea?

You can definitely use the DHS-6 version, until version 7 is released.
