Hi DHS,

The 2013-14 Zambia DHS does not list which district each cluster was in. In prior posts on this board, Josh-DHS provided excel sheets that listed the district for the 2007 and 2001 clusters that could be merged in with the data. Is it possible that you could post a similar sheet for the 2013-14 Zambian DHS? I understand that an alternative option would be to use the GPS dataset to infer districts but am hoping to avoid the complication of the GPS displacement potentially shifting across district boundaries.

Sincerely,

Andrew
