I noticed that the current DHS User Forum is a "pilot". Will it continue?

From March 2013-July 2013 we are treating the MEASURE DHS User Forum as a pilot project. MEASURE DHS staff will be assessing forum activity and content to determine what type of user community/forum will work best moving into the future. MEASURE DHS staff may adjust forum policies and objectives during the pilot period depending on user needs and project priorities. To provide feedback, please email us at forums@dhsprogram.com.
