Subject: how to recode scores Posted by khainea on Tue, 17 Apr 2018 22:12:54 GMT View Forum Message <> Reply to Message

Dear All,

I would like to recode the anthropometric z scores to

those children who are between -2 and -3 z scores

and

those children who are less than -3 z scores.

I am not sure I am recoding right in STATA.

Can you kindly help me?

Thank you. Khainea
