Subject: Rwanda male/female Posted by jelink on Mon, 07 May 2018 10:10:54 GMT View Forum Message <> Reply to Message

Hi,

can I ask you how i know which sex are respondents in Rwanda? Can you write me which variable means sex? Thank you, Jelinkova

Dear User,

It depends on the data you are analyzing. For household members the variable indicating gender is HV104.

B4 is the gender variable for children in the birth history.

Please refer to the DHS Standard Recode Manual https://

dhsprogram.com/publications/publication-DHSG4-DHS-Questionna ires-and-Manuals.cfm There are many other resources for working with your data. Check out Using Data Set for Analysis https://dhsprogram.com/data/Using-Datasets-for-Analysis.cfm Thank you!
