Hi,

I am a Bangladeshi, but working on Pakistan DHS 2012-13.

I have analyzed the prevalence of malnutrition among children of 6 province of Pakistan.

But, while I am working on GIS for Pakistan, the map is not showing as the DHS data shows the name of provinces.

In this case, I am requesting to you to let me know,

How can I get the exact shapefile for Pakistan administration level 1 (province) as DHS have used for their survey?

[I mean, I need a province level shapefile of Pakistan where the provinces were named just as DHS data]

I will be grateful to you. Thank you.

Anik
