
Subject: SPA response or non-response rates

Hi, I am working on a paper using the Service Provision Assessment surveys. One of the reviewers asked that I include the average response rates in SPA surveys. I couldn't find this online. Any chance others have seen the average response/non-response rates for SPA surveys? If there is any material that I can cite, that will be great.

Thank you!

Lyn

A response from Dr. Hamdy Moussa,

Quote:

The response rate for each SPA survey is included in all SPA final reports in chapter 2 (Methodology), table titled "Result of facility contact by background characteristics":

To get links to all the SPA surveys:

- 1) DHS Program Website Survey Search
- 2) Click on the Drop Down Menu and select ALL under the SPA category

Thank you!
