We have included suggestions on 2 topics and are endorsing 4 proposals developed by USAID, PRH and Population Council

### PME Working Group suggestion:

- 1) Adding a set of guestion on use of Emergency Contraception in the last 12 months
- 2) Adding a module of questions on implant counseling and removal services in countries with high levels of current implant use.

#### PME Working Group Supports the following proposals from USAID PRH

- 1) Truncating the contraceptive calendar from 5 years to 3 years with an additional question at the start of the calendar
- 2) Including age at menarche as a standard question
- 3) Considering asking contraceptive use + method type at last sex

PME Working Group supports the following proposal developed by Population Council: Percentage of current modern reversible method users (pill, injectable, IUD, implants) who received information about the possibility of switching to another method
