Dear all,

I'm looking for Service Provision Assessment (SPA) and Service availability and Readiness Assessment (SARA) at the national level and for at least collected 3 - 5 times. Could anyone help me with this issue? I think it is not available on the DHS dataset on the website.

Thanks,
Desalegn

Dear User, a response from Dr. Hamdy Moussa,

Quote:

Dear DHS user,

- All Service Provision Assessment Surveys done (30 SPAs) are listed below with link to final report for your reference.
- The list below includes only SPA surveys (please note that since 2013; SPA surveys were harmonized with SARA surveys; so you will find all SARA indicators included in the SPA data).
- The most recent surveys (Afghanistan and Bangladesh SPA reports are not published yet but expected very soon).
- There are very few countries (Kenya and Bangladesh) with SPA repeated 3 times.
- Senegal SPA is a continuous survey.

SPA Surveys by Date

Dear Dr.Hamdy,

Thank you so much for your information and detailed explanations. Really I so much grateful.

Currently I'm looking for both the report and raw data of SPA or SARA, specifically for Ethiopia.

If this is available, please help me. If known , ANY EXTERNAL SOURCES OF data link to access it.

Thank you for your time.

Desalegn

Dear User, The DHS Program does not have rights to distribute the Ethiopia: HIV/MCH SPA, 2013-14 data. You can contact the implementing agency, Ethiopian Public Health Institute (EPHI). Here is a link to their website.

Thank you!
