Hi experts,

I am using TZ DHS and KE DHS and STATA, the b20 indicates empty (N/A), how do I go about this? Kindly assist.

Kind regards,
MA

A variable is N/A (not applicable) either because the question was not asked in the survey or because the question was not asked of this respondent due to the flow or skip pattern of the questionnaire. Please take a look at the questionnaire for the country you are working with - all questionnaires are in the appendix of the final report.
