Dear Expert,I want to merge the WI file with KR file using the ETHIOPIA DHS 2000 data. My base file (unit of analysis)is the KR. Can you help with the STATA codes,please?  
Regards.

This kind of question has come up many times on the forum. If you search with keyword "merge" you should find answers to your questions.  
Also, please see the PDF of the Guide to DHS Statistics - search for "Matching and Merging Datasets", and see the examples in this section.
