Dear DHS Representative,

I was going through other questions asked by the members on the topic of mortality.

Some of the responses by DHS team members state that "Dear User, Please click here to access Stata code to produce Demographic and Health Survey Indicators. Thank you!"

I would like to request the DHS team that please make a video tutorial on how to use the git-hub & post on your Youtube channel for the new researchers at the earliest so that I can also get some advantage before my data analysis.

Best Regards

Dr. Hussain

Hello,

Thank you for this suggestion.

Actually we do have a plan this year to make a YouTube video on how to navigate with the GitHub DHS site.

For now please make sure to read the readme file on the repository and also the main file for each chapter you are using.

Thank you.

Best,

Shireen Assaf
The DHS Program

Dear Shireen,

This is great news, I will be waiting.

Best Regards

Dr. Hussain
